

The South African Digital Marketing Directory

Be featured in the Directory

If you run a reputable digital marketing company in South Africa, you really should be listed in this directory.

It's the quickest way for potential clients to find out more about you, and about your skills.

WHAT DO YOU GET?

Every company is listed in the directory with the sub headings :

- Expertise
- About
- Clients
- Contact details

This listing includes a logo, and the company is featured not in A-Z order, but in booking order. So get in there quick!

You can also add a **portfolio page**, which is a .pdf page designed by you, that is added to the directory after your listing. (You can see a sample on page 4). It's an excellent way to showcase your skills or your portfolio.

All listings get a premium listing in the online directory (you can view that [here](http://www.twojumpsahead.com/directory) <http://www.twojumpsahead.com/directory>) as well as an opportunity to add case studies to the *South African Digital Marketing Case Studies* book.

HOW MUCH DOES IT COST?

Listing:	R999
Portfolio page and listing:	R1999
Online directory:	Free
Case studies:	Free

WHO SEES THIS?

Plenty of the right people. When I published the Broadband Bible, it received over 20,000 downloads. When I published the Airtime Bible, it received over 10,000 downloads.

This directory will be available for download on TwoJumpsAhead.com, and will be distributed to marketing directors around the country.

HOW DO I GET STARTED?

Fill in the form [here](#) at www.twojumpsahead.com and we'll take it from there. (<http://eved.wufoo.eu/forms/two-jumps-ahead/>)

Welcome to the **South African Digital Marketing Directory**, brought to you by TwoJumpsAhead.com.

Inside the directory you will find details of leading digital marketing vendors that you can contract to implement your digital marketing strategy. These vendors range from full digital agencies to niche providers who specialise in specific skill sets.

You will read brief summaries of the vendors' s expertise and experience, view some portfolios, meet some key personalities and find out more about how to start strategising and implementing a digital marketing campaign.

You will also find loads of links to online resources, and a checklist for a successful digital strategy.

I hope this will prove to be a useful resource. Please let me know if you have any comments or suggestions.
